- Can see anyone
- Trained in: FTR, Community Connect
- **Not trained in:** Marketplace, HPT

SW Interns

- Can see anyone once trained
- Focus: SpectraPlan, transportation, insurance enrollment
- **Not trained in:** Marketplace

Social Service Processes, Staff Availability, and Scheduling

- SS staff schedules are **not** public except for:
 - SpectraPlan
 - Insurance navigation
 - 1-2 same-day spots (available daily)

Same-Day Appointments

- PSRs may schedule for any reason
- Do **not** schedule until the day of the appointment
- Staff availability varies; holds are placed for flexibility
- Call at **7:30 AM, Monday-Friday** — First Come, First Served

Scheduling Guidelines

- Patients needing insurance navigation or SpectraPlan: schedule as normal
- If patient is new or hasn't visited in over a year:
- Must be triaged by Charge SS member before scheduling
- If patient presents and no same-day spot is available:
- Ask reason for visit and get MRN
- Say:

> "Please give me a few minutes as I reach out to our Social Services team and inquire if anyone is available to come out and see you. Please have a seat until I have an answer."

- Keeps front desk clear for other patients
- Relay SS staff guidance to patient

extra information

The Housing Prioritization Tool (previously called the VISPDAT) is a vulnerability assessment for housing options. The reason we cannot all complete it is that you have to enter it into a different system that only Callie has access to, due to a previous grant position. Anybody who comes in specifically asking to complete a VISPDAT or Housing Prioritization Tool, should be referred to the Charge Social Services staff for the day to be triaged. Patients can also be referred to the Mission to complete this assessment.

Free Through Recovery (FTR) is a collaborative program with the ND DHS Behavioral Health Division and the Department of Corrections and Rehabilitation (DOCR) for individuals involved in the justice system who have behavioral health concerns. Spectra Health provides Care Coordination services for individuals referred to us from the FTR program. Referrals for this program HAVE to come from probation/parole so we cannot enroll someone in the program. Free Through Recovery | Health and Human Services North Dakota

Community Connect is a collaborative program with the ND BHS Behavioral Health Division. Spectra Health provides Care Coordination services for individuals referred to us from the Community Connect program. Patients need to complete application for Community Connect, select Spectra Health as their preferred provider and be approved in order to access these services. Community Connect | Health and Human Services North Dakota

SW/BH/Optom Checklists

Start of day

Task	Notes
